Age Breakdown	% of FPL	SCHIP Enrollees
INFANT	150% to 185%	1,237
01-05	133% to 185%	11,244
06-12	100% to 185%	29,672
13-18	100% to 185%	18,341
<b>Total</b>		<b>60,494</b>

Data was compiled on 06/09/2008. Numbers frequently change due to certifications occurring after the data is extracted and other factors. This report is based on data within the system prior to 06/09/2008. A majority of the data is a "point in time" representation of the specific report month and is not cumulative. Unless stated otherwise, CHILD is defined as an individual under the age of 21.

### State Fiscal Year 2008 Enrollment by Aid Category

State Fiscal Year is defined as the period between July 1 and June 30 of each fiscal year. Oklahoma Cares (Breast and Cervical Cancer coverage) and TEFRA are included in the OTHER category. SoonerPlan are members receiving family planning services only.

### SoonerCare Encourages Pregnant Members to Get Dental Checkups

OKLAHOMA CITY – An old wives' tale about pregnancy claims, "A tooth lost for every child." While it seems to be based loosely in fact, the Oklahoma Health Care Authority wants to encourage pregnant women enrolled in SoonerCare to take advantage of their dental care benefits.

Pregnant women enrolled in SoonerCare are eligible to receive dental care benefits through the Perinatal Dental Access Program. This includes pregnant women in SoonerCare Traditional, SoonerCare Choice or the Insure Oklahoma Individual Plan programs.

Members receive full dental exams, teeth cleanings, X-rays, periodontal or gum treatments, fillings for certain cavities, and emergency extractions. The benefits of the program also continue for 60 days following the end of the pregnancy.

According to the American Dental Association, proper oral hygiene may decrease the risk of maternal gum disease, pre-term birth and low birth weights in babies. In addition, many pregnant women experience pregnancy gingivitis. This condition can be uncomfortable and cause swelling, bleeding, redness or tenderness in the gum tissue. Periodontal disease may affect the health of a pregnant woman's baby.

In addition to the direct benefit to the "mom-to-be" and the potential positive impact on the pregnancy outcome, many dentists have found that this is a good time to remind the mother of the importance of early and ongoing oral hygiene care for the infant.

A list of perinatal dental providers is available on the agency's Web site at [www.okhca.org](http://www.okhca.org) or by calling the SoonerCare Helpline at 1-800-987-7767.
